

**PRODUCT  
ADVENTURE**

Welcome to your  
Product Adventure Lapdesk!

# SIZE COMPARISON

The PA  
Lapdesk has  
been designed to fit  
you and your tech perfectly.

# PRODUCT ADVENTURE

We've added slots, meaning you can view multiple devices at once helping to improve your productivity, and charge your devices!

Flip the PA lapdesk round and you can use your tablet with a keyboard.

There is even space to place your phone next to your tablet, but this will depend on both the size of your phone and tablet.
